

FEDWAY

CENTURY
CONVEYOR
SYSTEMS INC.

ABOUT OUR PARTNERSHIP

Century Conveyor Systems, Inc. is located in South Plainfield, New Jersey and has been a trusted Hytrol Integration Partner for over 25 years. The company offers valuable products and services to the manufacturing and distribution market. It also maintains a strong commitment to ethical and safe business practices centered around customer needs and satisfaction.

Hytrol goes to market every day with exceptional partners like Century Conveyor. We support each other by providing the best possible solutions for our customers. Working together, we are able to give local assistance when needed as well as long-term service leading to overall business growth and success.

COLLABORATIVE INTEGRATION: *FEDWAY ASSOCIATES*

BACKGROUND

Fedway Associates is a New Jersey-based wine and spirits wholesaler with a rich history. The company got its start in 1933 after prohibition. Today, it services licensed package stores, restaurants, and bars throughout the state. The company currently operates in a state-of-the-art 539,000-square-foot distribution facility in Elizabeth, New Jersey.

CHALLENGE

The company had been working with a nearly 20-year-old Hytrol system. They were looking to update that system in 2012. However, Hurricane Sandy would hit New Jersey later that year which compelled the company to find a new facility, thus a new conveyor system and Warehouse Control System (WCS) would need to be integrated.

GOALS

Century Conveyor Systems and Hytrol worked closely with SalSon Logistics to accomplish the following:

INCREASE PRODUCT ACCURACY AND THROUGHPUT

INCORPORATE A WCS

DECREASE PRODUCT BREAKAGE

SYSTEM SPECIFICATIONS

ADDITIONAL 106,000 SQUARE FOOT MEZZANINE

DOUBLE-STACKED ROLL TRANSFER

60-FOOT SLIDING SHOE SORTER

KEY HYTROL PRODUCTS

PROSORT 400

EZLOGIC®

PIVOT™

RBE24EZ

RESULTS

Fedway Associates was able to reduce product breakage by more than 70 percent with the new system. An increase in throughput rate reduced the number of hours taken to process cases. The state-of-the-art WCS helped with product traceability and inventory accuracy which ensures the correct cartons are shipped.

70%

REDUCE PRODUCT BREAKAGE BY MORE THAN 70%

INCREASED THROUGHPUT

INCREASED PRODUCT TRACEABILITY

INCREASED INVENTORY ACCURACY

WAREHOUSE CONTROL SYSTEM INCORPORATED
