

**CENTURY**  
CONVEYOR  
SYSTEMS INC.

**We advance.**

## Transform your warehouse into a powerhouse

As a full-service distribution automation integrator, Century can provide a multitude of material handling solutions based on your warehouse or DC.

Our system engineers design, validate, and install a new system for you, increasing output, lowering labor costs, and placing you on the cutting edge of automation.

## INDUSTRIES SERVED

If it's in a box, pallet, tote, drum, or polybag, Century can engineer an effective system for it.
